Treasurer's Report
June 30, 2018

Highlights as of June 30, 2018

Summary

It has been an interesting year for us thus far from a financial perspective.

- The Board approved a budget for 2018 that required a **\$15 per month increase** in dues per unit and **generated a deficit of \$12,285.**
- We had **record snow removal costs** - \$50,786 in total **Winter Expenses, over budget \$16,333.**
- The **flood on Riverview Lane** required the services from Beaudoin of a generator costing \$8,769 to keep our **lift station** going. We are **over budget for the year** by **\$5,825** in this account. We also paid CID \$2,100 from the Landscaping account for flood related clean-up and Mark Carlock's time.
- Leaking roofs caused damage to two units that will cost approximately \$9,500 to repair. We have spent \$5,586 thus far.
- The budgeted \$20,000 for **crack-filling will not be done** this year.

The **bottom line** is that the cash at the end of the year 2017 of \$60,364 needs to cover these over budget amounts, adjusted by the cost of the \$20,000 for crack filling that is being delayed. **The result is \$36,421 of "free cash" so far** (\$60,364 less \$12,285 planned budget deficit, \$16,333 in Winter Services, \$5,825 for the Lift Station and the \$9,500 for repairs to the two units yet to be paid and plus \$20,000 for the delay in crack filing. We will keep an eye on this for the rest of this year.
